## 5S/Lean Solutions

Improve Workplace Organization, Productivity, and Safety

**REMEMBER!**  
5S FOR A LEAN WORKPLACE

<b>SORT</b> Organization	Keeping only what is necessary and discarding everything else when in doubt.
<b>SET IN ORDER</b> Orderliness	Arranging and labeling necessary items in a way that makes them easy to find and return by all.
<b>SHINE</b> Cleanliness	Keeping the workplace clean and free of dirt and debris.
<b>STANDARDIZE</b> Standardized cleanup	Typing up procedures for cleaning and maintaining the workplace.
<b>SUSTAIN</b> Sustaining the discipline	Maintaining the discipline.

# THE 5S EXPERTS

For years, Accuform has been a leader in the field of 5S – helping businesses promote efficiency and productivity while also eliminating waste. We're more committed than ever to helping you streamline your facility's operations with everything from KPI boards to 5S red tag supplies, to motivational banners, floor marking, and beyond. Let us help you promote a more organized – and safe – work environment by implementing 5S tools and practices.

## INFORM

KPI boards and posters keep your employees aware of proper procedures and goals.

## PROTECT

From PPE-ID™ Charts to Store-Boards™ that eliminate clutter, we have what you need to keep workers safe.

## MOTIVATE

Ensure everyone's working together and following the program with an array of motivational posters and banners.

## 5S/Lean Solutions To Communicate A Visual Workplace

5S is a key component of the lean manufacturing program for continuous process improvement, Kaizen, and complements elements of Kanban. The goal of the system is to design, develop, and establish an effective and efficient workspace through visual identification and organization of work items and intuitively designed processes and procedures. By involving employees in the program, the work activities become standard, routine practices.

5S promotes an organized, visual workplace where standardized procedures improve productivity, quality, safety, and worker attitudes, which can increase profitability and eliminate waste.

## STORE-BOARDS™ Custom Store-Boards™

### 5S/Lean Shadow Boards

A place for everything... and everything in its place!

At a glance, see that tools and supplies are in their designated storage location, displayed on the board. Store-Boards™ are ideal for 5S processes and other lean initiatives.

- Organize your tools, supplies, equipment, and materials
- Provide striking, graphical visual point-of-storage for the tools
- Shadow outlines with words identify where tools should be when not in use
- Show readily-available tools to maintain machinery, equipment, and operations
- Account for missing tools and equipment, avoid time wasted looking for and replacing them, and ensure availability when needed next time
- Customize Store-Boards™ with logos, photo quality graphics, and images

At a glance,  
see that tools  
and supplies  
are in their  
designated  
storage  
location.

See pages 4-9  
for examples  
and styles of the  
wide range of  
Store-Boards™  
we offer.

## Materials to meet the demands of any work setting from food contact to durability.

### AccuShield™

Accu-Shield™ our highest performance material is a two-ply, non-glare, polycarbonate plastic, specially formulated to resist color changes (UV-stable), chemicals splashes, corrosion, and abrasions. Non-glare subsurface print encapsulated on the back by permanently bonded smooth vinyl will continue to look good for years while maintaining its superior strength. The heavy-duty construction provides a rugged yet stylish appearance.

#### Key Features:

- Unaffected by corrosion or chemicals
- Non-glare matte finish with subsurface print
- Service temperature: -60° to 260°F

#### Applications:

- Harsh chemical environments
- Indoor/outdoor
- Industrial/Manufacturing
- Food & beverage

### FB-X AccuShield™

FB-X Accu-Shield™ is your go-to material for the food and beverage industry. This polyester based material is UV-stable, subsurface printed, and finished with a cast vinyl backer to protect your message while maintaining optimum clarity.

#### Key Features:

- Chemical resistant, withstands splashes and ammonia wash downs
- Features gloss finish; safe for contact with foods in accordance with 21 CFR 174.5(d)
- Service temperature: -60° to 212°F
- Ideal for use with Ultra-Cling™ label material (sold separately, pg. 47)

#### Applications:

- Frozen foods
- Food & beverage
- Meat processing
- Dairy
- Complies with the requirements of the FDA's food contact regulations

### Ultra Aluma-Lite™

Ultra Aluma-Lite™ is a composite plastic core bonded by two layers of aluminum to form an extremely durable product. Composite aluminum is an excellent alternative to traditional aluminum, light-weight (40% lighter than solid aluminum), and Eco-friendly making it an ideal choice for indoor or outdoor use. UL-recognized for "electrical signage" (UL94-VO)

#### Key Features:

- Corrosion and impact resistant
- UV-resistant, protected by Duck Armor™ Liquid Laminate
- Service temperature: -40° to 170°F

#### Applications:

- Industrial environments
- Indoor/outdoor
- Construction

### Max-Duty Aluminum

Max-Duty Aluminum is a versatile solid material that provides the strength of metal yet never rusts. Max-Duty Aluminum comes with UV protective coating to prevent fading, chemical damage, and graffiti.

#### Key Features:

- Chemical, abrasion, and impact resistant
- UV-resistant, protected by Duck Armor™ Liquid Laminate
- Service temperature: -40° to 250°F

#### Applications:

- Warehouse, industrial
- Commercial industry
- Indoor/outdoor

Store-Boards™ are designed so the graphics, wording, and message will remain unchanged in clarity, color, and sharpness throughout the durability period. Store-Boards™ are sold with the understanding that the buyers will test this material, in actual use, to determine for themselves its adaptability to their intended environment and use(s). Accuform warrants that Store-Boards™ are free from defects in material and workmanship, but limits obligation under this warranty to replacement of the product shown, to Accuform's satisfaction, to have been defective at the time Accuform sold it. This warranty does not extend to any persons obtaining the product from the buyer. Under no circumstances will Accuform be liable for any loss, damage, expense, or consequential damages of any kind arising in connection with the use, or inability to use Store-Boards™. Accuform will not be liable for defects that are the result of product abuse, misuse, alteration or modification; or for defects that are due to a failure to install, maintain, or use of the product in accordance with our provided installation instructions.

## Whether it's stock or custom, we have the hardware to secure your tools!

Once you've selected the perfect Store-Board™, don't forget to accessorize it with our wide selection of hardware. Choose from corrosion-resistance zinc-plated hardware, or stainless steel for added durability. Store-Boards™ come pre-drilled to make hardware installation a snap, and we offer a variety of options so you can customize your board to meet your specific requirements.

### Zinc-Plated Hardware

For corrosion-resistance

### Stainless Steel Hardware

For added resistance to corrosion – great for use in the food industry

Hooks

Standoffs

Handle Holder

Spring Clips

U-Bolts

Loop Rings

### Custom Hardware

If equipment is heavy or has a unique shape that can't be secured with standard hardware – custom hardware is available. It can also reduce multiple pieces of hardware. Our team will work with you to engineer the best solution.

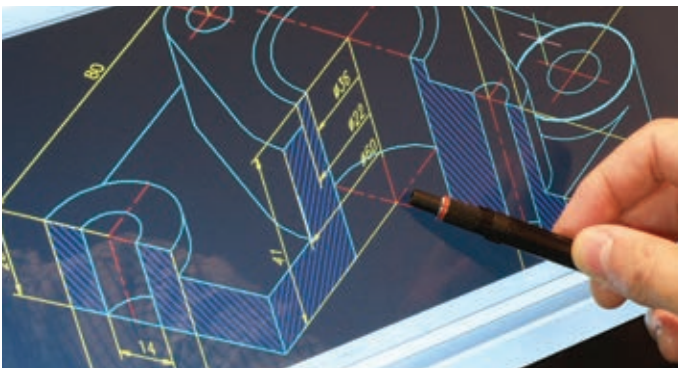

Replace seven hooks with one magnetic strip.

## Dedicated 5S team, engineering, technology, and years of experience.

With years of 5S experience, and a team dedicated solely to helping you implement lean initiatives in your workplace, Accuform is ready to aid you in selecting the Store-Board™ that best meets your needs. Our commitment to embracing the newest technology and engineering practices means you'll not only receive a Store-Board™ that's a perfect match for your specific requirements, but one that will also last for years to come.

An experienced team dedicated to helping you implement lean initiatives.

Committed to embracing new technology.

Comprehensive range of hardware.

We'll create a Store-Board™ that's a perfect match for your needs.

## HOW TO ORDER YOUR CUSTOM STORE-BOARDS™

### 1 Talk to our team of experts

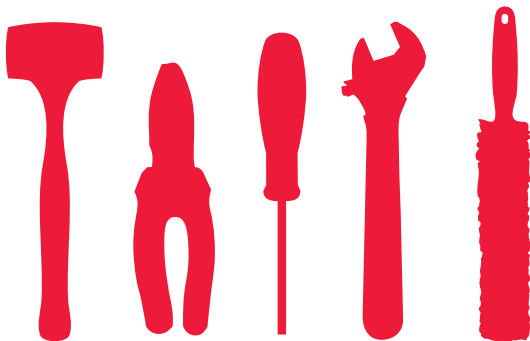

Not sure where to start? Our 5S Specialists will walk you through the process. From determining the perfect size and material for your Custom Store-Board™, to determining what kind of hardware and materials will best suit your needs, we're here to make design and ordering easy.

### 2 Provide your tool and layout requirements

After your initial consultation with your 5S Specialist, it's time to get to work conceptualizing your new storage system. Use one of the following options to create the perfect solution for your storage needs.

- **Option 1: Tool Part Numbers** – Give us a list with the manufacturers' name, brand, and model number and we'll do the rest.
- **Option 2: Photos or Tracings and Measurements** – Provide us with the height and width dimensions, along with tracings or pictures of your individual tools. Don't forget to include the depth and weight of these items! Every bit of information you can provide helps.
- **Option 3: Send us your tools** – Box up your tools and ship them to us. We'll configure the perfect Custom Store-Board™ for your needs, then return your tools once we're finished.

### 3 Personalize it!

Now it's time to get creative and make your Store-Board™ stand out from the crowd. Provide us with your logos, color code charts, layout ideas, and anything else you'd like to incorporate into the design. This is also a great time to discuss potential branding elements, company messaging, and other personalization options that will make your new Custom Store-Board™ unique to your company.

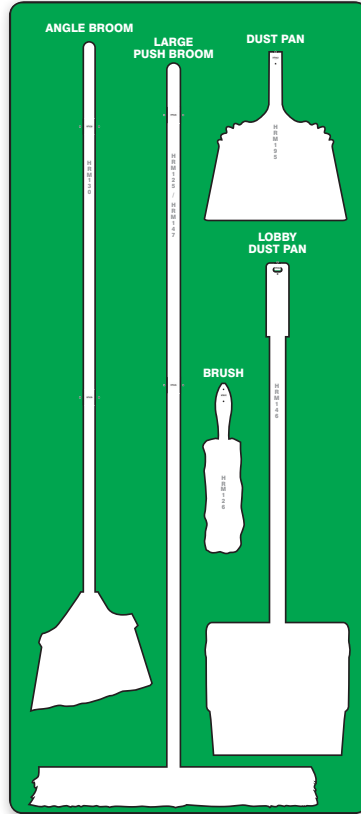

### 4 Finalize your project

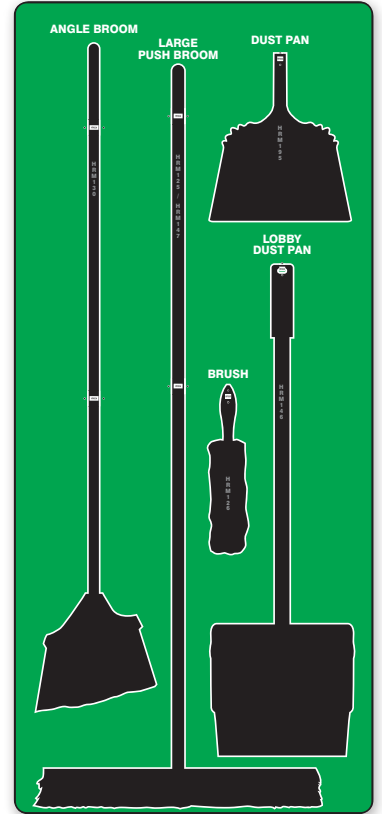

With all the details in place, we'll get to work creating your customized quote and art proof based on your specifications. Your custom quote and proofs will be emailed to you for your approval. Once you're satisfied with everything, approve the art proof on your quote, send us your purchase order, and we'll start production on your new Custom Store-Board™.

## Clean & Sweep Store-Boards™ and Combo Kits

Clean & Sweep Store-Boards™ are ideal for non-food contact or general maintenance. Store-Boards™ keep tools organized and neat.

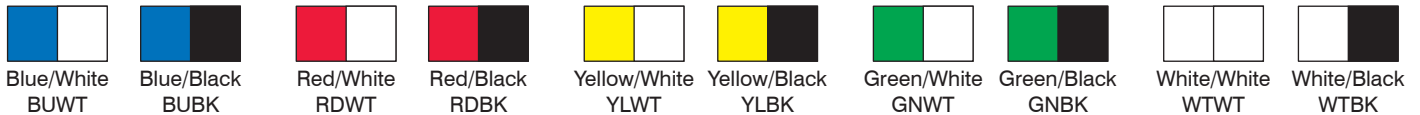

- Choose from a variety of materials to match your environment (material description, pg. 10)
- Select from five Store-Board™ color options and either Black or White shadow color
- Dimensions: 68"H x 30"W
- Includes zinc-plated hardware for tools
- Features 1/2" rounded corners and 3/8" mounting holes
- Mobilize your Store-Boards™ with a frame (PMBFRAME30 sold separately, pg. 23)

### Combo Kit Includes:

- 1 Store-Board™
- 1 HRM195 Metal Dust Pan
- 1 HRM146 Lobby Dust Pan
- 1 HRM147 60" Push Broom Handle
- 1 HRM125 24" Push Broom Head
- 1 HRM126 Brush
- 1 HRM130 Angle broom

Combo Kits tools are typical maintenance tools (not color coordinated)

### Board Color/Shadow Color Options:

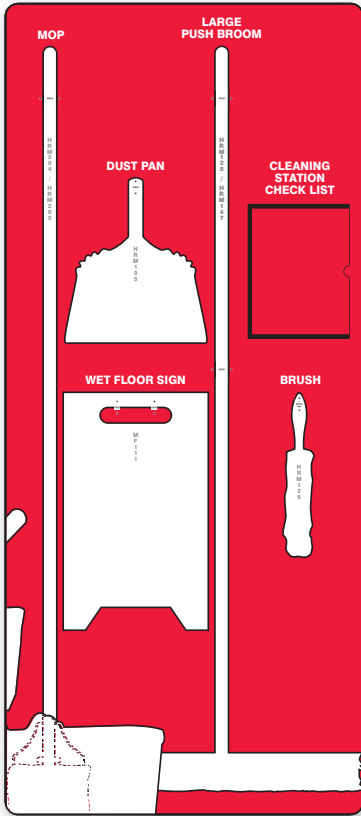

To order, add color combination code (Store-Board™/Shadow) to part number. Example PSB114BUWT.

MATERIAL	STORE-BOARD™ ONLY	EACH	COMBO KIT	EACH

# VINYL SHADOWS

## Create your own Shadow Board with REMCO Tools and Shadows

It's the do-it-yourself approach to creating your own shadow board. We have the pegboard, tools, shadows, and hanging hardware for you to create your own organizational masterpiece.

Precision die-cut adhesive vinyl shadow replicates size, shape, and color of the tool.

Use liner grid lines to align shadow on board. Peel off back liner and press shadow in place.

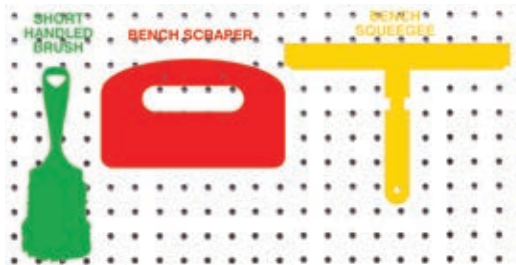

Firmly peel off front shadow liner to finish shadow installation.

Install hanger hardware and hang tools over shadows.

## Shadows and Tools

Accuform, in conjunction with REMCO Products, offers a complete line of colorful, adhesive vinyl, die-cut shadow shapes of tool products.

\*⚠ **WARNING:** Cancer and Reproductive Harm – [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

Additional Shadows and Tools are available, plus more color options.

## DIY Tool Shadow Tape

Creating tool shadows in-house have never been easier. Simply place the vinyl films face down on a smooth surface, trace tool and cut it out with a razor knife, peel the backer, and place the decal onto the tool board. Affix the necessary hardware in place to create a *do-it-yourself* tool shadow board.

- Easily applies to pegboard and other smooth surfaces
- Available in rolls of 12" x 15-ft.
- Made of 2.5-mil thick PVC Vinyl Film
- Service temperature range: -40° to 176°F
- Shelf life: 2 years stored at 68°F/50% relative humidity

To order, add color code after part number:  
Yellow – YL, Orange – OR, White – WT,  
Green – GN, Blue – BU, Black – BK, Red – RD

SIZE	NO.	ROLL
12" x 15-ft.	PVR400	\$39.76

Step 1. Place vinyl face down on a smooth surface.

Step 2. Trace an outline of the tool.

Step 3. Cut out the shapes using a razor knife.

Step 4. Continue to cut all traced shapes.

Step 5. Carefully remove cut shapes from vinyl roll.

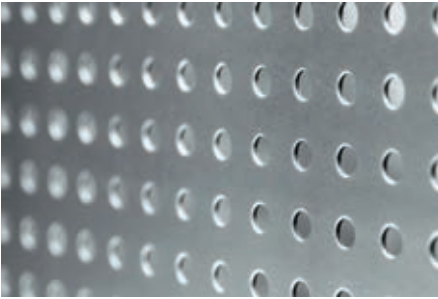

Step 6. Apply shapes to your board.

## PERSONALIZE IT!

### Custom Store-Drawers™

Stop wasting time looking for tools, and begin the path to organization!

At a glance, know when a tool is missing from your toolbox, drawer, chest, cabinet, station, or tray. Easily find frequently used tools, keep them organized, and ensure they are returned to their assigned location in your workplace with Custom Store-Drawers™.

- Tailored styles to fit your needs
- When a tool is removed, the tool's "shadow" visually identifies that it is in use, missing, left behind or not returned
- Complete your visual management and 5S processes
- Comply with tool Foreign Object Damage (FOD) and Foreign Material Exclusion (FME) prevention programs

See pages 30-31 for examples and styles of Store-Drawers™ we offer.

## Create and designate a place for every tool!

Elevate productivity and raise awareness of tool accountability, management, safety, and security in an organized way.

## Heavy-Duty

## ESD Foam

## Foam

## Materials to meet the demands of any work stations, tool chests, and portable tool boxes.

### Heavy-Duty

The convenience of portability, the appeal of full-color customization, and the strength of low-density PVC. Easily fit your tools neatly in the tray of your tool drawer or lift out and grab and go to another job.

#### Key Features:

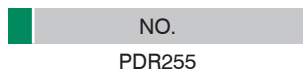

- Dual-Layered 1/4" PVC bonded together with an aggressive adhesive
- Precision-cut silhouettes of your tools in contrast color to the bottom layer
- The top layer allows you to print any custom graphic onto your Store-Drawers™
- Tool spacing: 1/2" minimum space between tool cutouts. Minimum 5/8" from the edge. The narrowest cutout is 1/4" wide
- Optional finger cut-outs: semi-circular opening next to tool shape to easily remove small tools

#### Applications:

- Harsh chemical environments
- Industrial/manufacturing
- Food & beverage

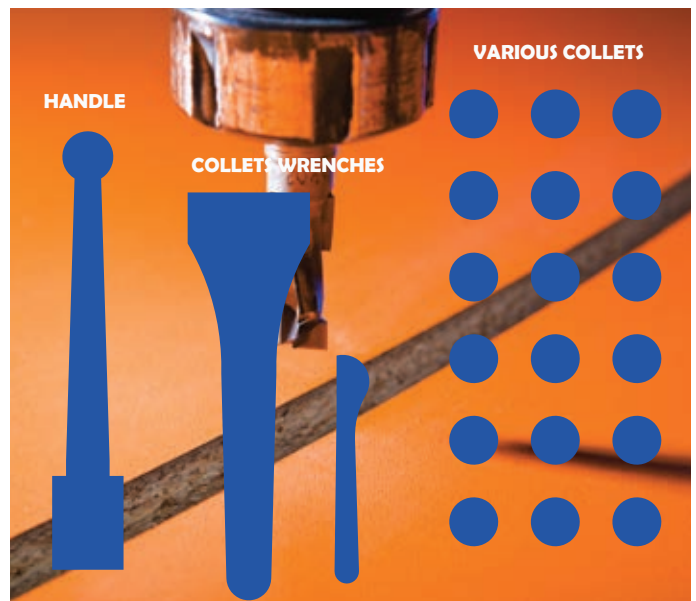

Specify shadow or contrasting background color when ordering.

**⚠ WARNING:** Cancer – [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

Available with optional galvanized steel collapsible handles.

Print full color custom graphics.

## ESD Foam

Electro Static Dissipative (ESD) foam is the industries go-to foam material for portable and customizable tool drawers. Store, organize, and remove tools with ease from the dense, textured foam tool organizer.

### Key Features:

- Corrosive and impact resistant
- Electro Static Dissipative foam is a 3/4" density polyethylene foam that is carbon impregnated to provide a lower carbon content than conductive foam
- ESD material does not drain tool batteries, unlike conductive foam
- Top 3/4" layer of ESD foam contains precision laser-cutout silhouettes of your tools in contrast color to the Aluma-Lite™ bonded together with an aggressive adhesive
- The bottom layer allows you to print any custom graphic onto your Store-Drawer™
- Tool spacing: 1/2" minimum space between tool cutouts. Minimum 5/8" from the edge. The narrowest cutout is 1/4" wide
- Optional finger cut-outs: semi-circular opening next to tool shape to easily remove small tools

### Applications:

- Electronics Industry
- Battery operated tool storage

	NO.
PDR355	

## Foam

Dense, textured polyethylene foam is chemically cross-linked to be durable, heat stable, yet lightweight. Foam is resistant to oils, solvents, and jet fuels. The material is available in four color-combinations with or without print.

### Key Features:

- 3/4" thick dual-layered foam
- Top 1/2" layer contains precision laser-cutout silhouettes of tools in contrast color to the 1/4" bottom layer
- Tool spacing: 1/2" minimum space between tool cutouts. Minimum 5/8" from the edge. The narrowest cutout is 1/4" wide
- Optional finger cut-outs: semi-circular opening next to tool shape to easily remove small tools

### Applications:

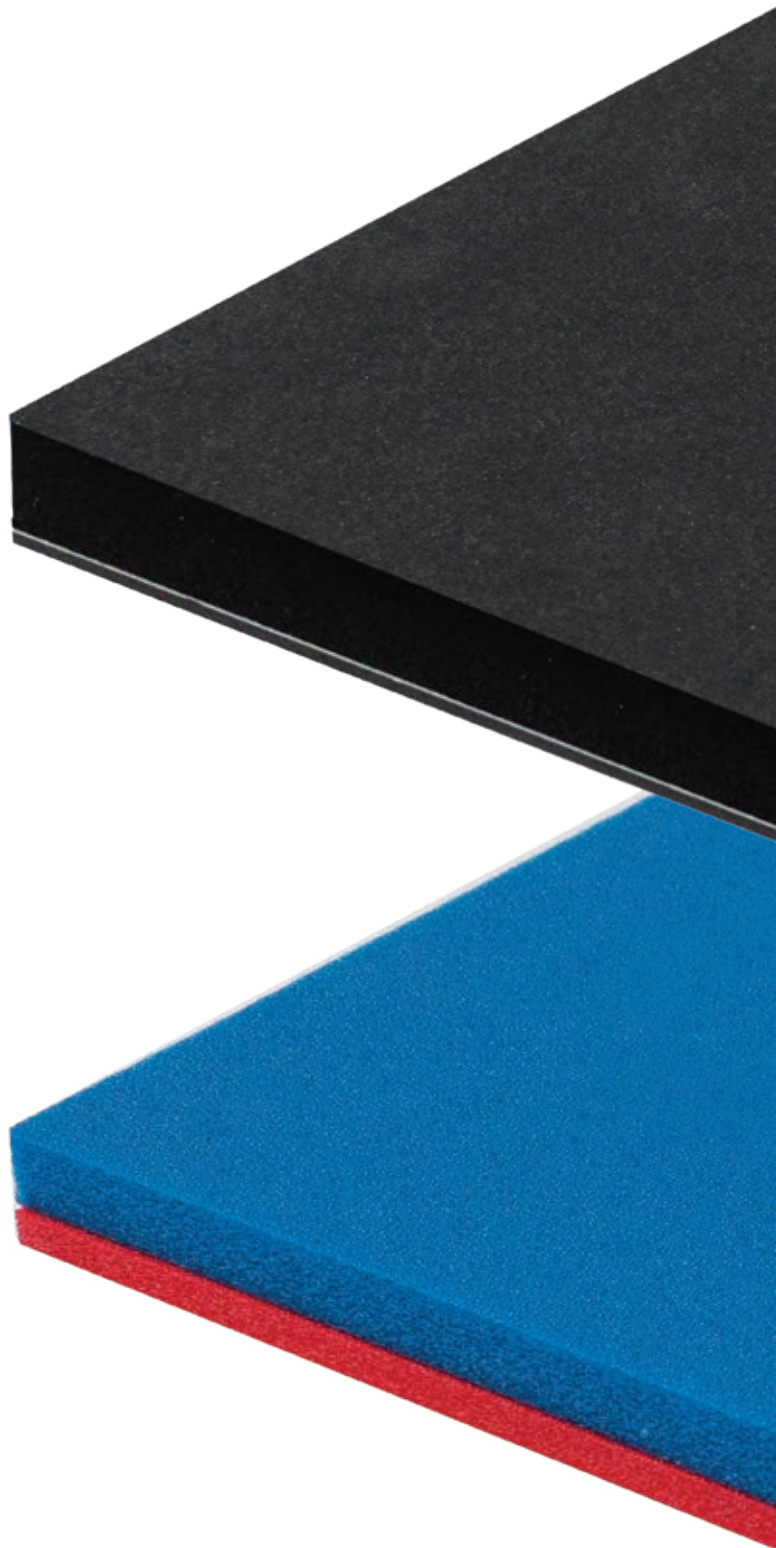

- Management, safety, and security environments
- Complies with tool Foreign Object Damage (FOD) and Foreign Material Exclusion (FME) prevention programs
- Complies with the requirements of the FDA's food contact regulations

When ordering, add color combination code after part number.

## HOW TO ORDER YOUR CUSTOM STORE-DRAWERS™

*Custom Store-Drawers™ make it easy to keep all your tools organized, protected, and accounted for with custom shadow shape cutouts. Ordering the perfect Store-Drawers™ to meet your needs is easy – just follow the simple instructions below and our team of experts will do the rest!*

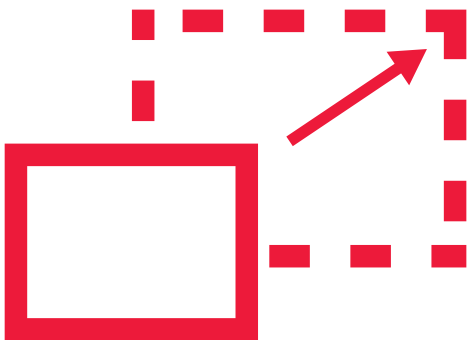

### 1 Talk to our team of experts

Getting started with your Custom Store-Drawers™ is simple. Our dedicated team of 5S experts is on-call and ready to help you through each step of the process – from initial design to completion of your order. Have questions? We've got answers. We're "The Custom Experts" for a reason.

### 2 Determine the size and desired color combination of your new Store-Drawers™

One of the first things our 5S experts will need to know is the inside dimensions of your Store-Drawers™ and total quantity. Select shadow and contrasting background colors (example top layer color options: Black or Blue; contrasting background colors: Red or Yellow), as well as personalization details like company name, logo, colors, images, or lettering for the shadowed tools.

### 3 Quote Assessment

We will send over a price estimate based on overall size and quantities. Once pricing is approved by the customer we can move on to step 4.

### 4 Finalize your project

We will need all the tools sent in for processing. Depending on total quantity this is typically accomplished within 1 to 2 business days. We will then ship the tools back. After processing the tools you will receive a digital copy for approval of the finalized drawer layouts. From here we can make any changes to the layouts that may be needed before a PO is placed.

## Store-Drawers™ Foam Tool Organizer: Create Your Own

Eliminate wasted time looking for tools, rummaging through drawers, and sorting through loose equipment.

Kits includes:

- Foam sheet with 1/2" top layer and 1/4" bottom layer in contracting color
- Adhesive-backed grid sheets
- Tools not included

Color Combination (Top/Bottom)

Black/Red – BKRD    Black/Yellow – BKYL    Blue/Red – BURD    Blue/Yellow – BUYL

# CUSTOM SITE-BOARDS™

## Custom Site-Boards™

Use Site-Boards™ visual communication centers to display KPIs (Key Performance Indicators), report on lean/Kaizen activities, or display production and scheduling plans.

- Any size and shape with any colors, images, logos, and graphic schemes
- Choose from a variety of materials and options, including dry-erase or magnetic
- Site-Boards™ can be created in several different styles to match your application. See examples of just a few styles we have created
- Outfit your Site-Boards™ with additional components such as document holders, grid lines, Ultra-Cling™ products, and more to increase the effectiveness of communication in your workplace

Aim for success and measure what you treasure by establishing and maintaining Key Performance Indicators (KPIs).

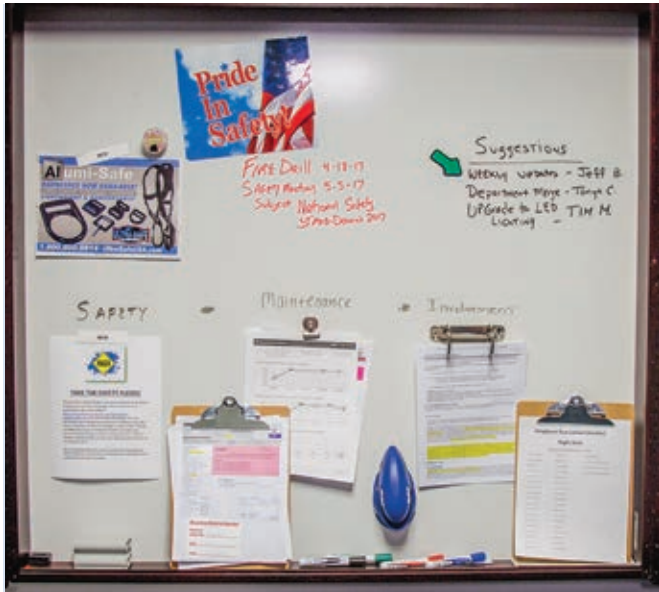

See pages 38-43 for examples and styles of the wide range of Site-Boards™ we offer.

## Materials

Site-Boards™ can be any size and shape with colors, images, and graphic schemes. Choose from three materials for use in industrial locations. The dry-erase surface is stain- and scratch-resistant to splashes and abrasions. Choose steel board to use magnetic shapes.

### Mark-It™

Made of durable, long-lasting FB-X Accu-Shield™ for exceptionally high-impact strength with excellent UV-protection to maintain optical clarity. Message is reverse-printed with UV-inks and further protected by adhering smooth, chemical-resistant cast vinyl on the back-side.

#### Key Features:

- Specifically designed to withstand tough use in the food and beverage industry
- Stain and scratch resistant
- Cleans completely leaving no residual marker ink

#### Applications:

- Mark with Dry-Erase or Wet-Erase Marker
- Ideal for use with Ultra-Cling™ label material (sold separately, pg. 47)

### Ultra Aluma-Lite™

Ultra Aluma-Lite™ is a composite plastic core bonded by two layers of aluminum to form an extremely durable product. Composite aluminum is an excellent alternative to traditional aluminum, light-weight (40% lighter than solid aluminum) and Eco-friendly making it an ideal choice for indoor or outdoor use.

#### Key Features:

- Corrosion and impact resistant
- UV-resistant, protected by Duck Armor™ Liquid Laminate
- Service temperature: -40° to 176°F

#### Applications:

- Industrial environments
- Indoor/outdoor
- Construction

### Galvanized Steel

Get the strength and durability of metal, and minimize rust and corrosion with Galvanized Steel. Ideal choice when magnetic surface is needed.

#### Key Features:

- Dry-erase surface
- Protected by Duck Armor™ Liquid Laminate
- Service temperature range: -40° to 250°F

#### Applications:

- Use in splash and other wet situations
- Withstands outdoor environmental conditions

### Max-Duty Aluminum

Max-Duty Aluminum is versatile material that provides the strength of metal yet never rusts. Max-Duty Aluminum comes with UV protective coating to prevent fading, chemical damage and graffiti.

#### Key Features:

- Chemical, abrasion, and impact resistant
- UV-resistant, protected by Duck Armor™ Liquid Laminate
- Service temperature: -40° to 250°F

#### Applications:

- Warehouse, industrial
- Commercial industry
- Indoor/outdoor

Site-Boards™ are designed with protection to maintain the printed images. Graphics, wording, and message will remain unchanged in clarity, color, and sharpness throughout the durability period. Site-Boards™ are sold with the understanding that the buyers will test this material, in actual use, to determine for themselves its adaptability to their intended environment and use(s). Accuform warrants that Site-Boards™ are free from defects in material and workmanship, but limits obligation under this warranty to replacement of the product shown, to Accuform's satisfaction, to have been defective at the time Accuform sold it. This warranty does not extend to any persons obtaining the product from the buyer. Under no circumstances will Accuform be liable for any loss, damage, expense, or consequential damages of any kind arising in connection with the use, or inability to use Site-Boards™. Accuform will not be liable for defects that are the result of product abuse, misuse, alteration or modification; or for defects that are due to a failure to install, maintain, or use of the product in accordance with our provided installation instructions.

## HOW TO ORDER YOUR CUSTOM SITE-BOARDS™

*Designing your very own Custom Site-Boards™ may seem like a tedious task, but we're here to make it easy for you to get a product that's custom-tailored to your specific needs. Follow the steps below and let us do the work!*

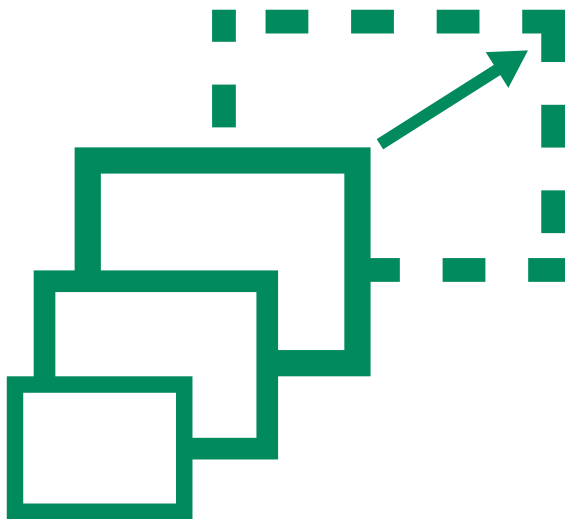

### 1 Choose board material by size and specify your requirements

The first step of the process involves conceptualizing your Site-Boards™. Send us an image or a rough sketch of the board's layout highlighting the size and shape you require. Don't worry – you don't need to be Picasso. A simple example will help us get started.

Next, add in your own grid or chart design with rows, columns, boxes, and other open areas. Be sure to include the dimensions!

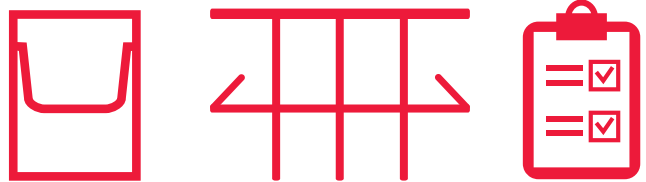

Mark the location of words, numbers, codes, symbols, and names on the board – then be sure to provide us with your logos, graphics, color choices, and other design considerations.

That's it – the hard part is done! We'll take your design and turn it into a reality.

### 2 Select any custom components and accessories you might need

With the basic board design in play, now's the time to customize. Make your board unique and perfectly suited to meet your needs by adding custom components like document holders, trays, and frames to your Site-Boards™. See page 48 for options.

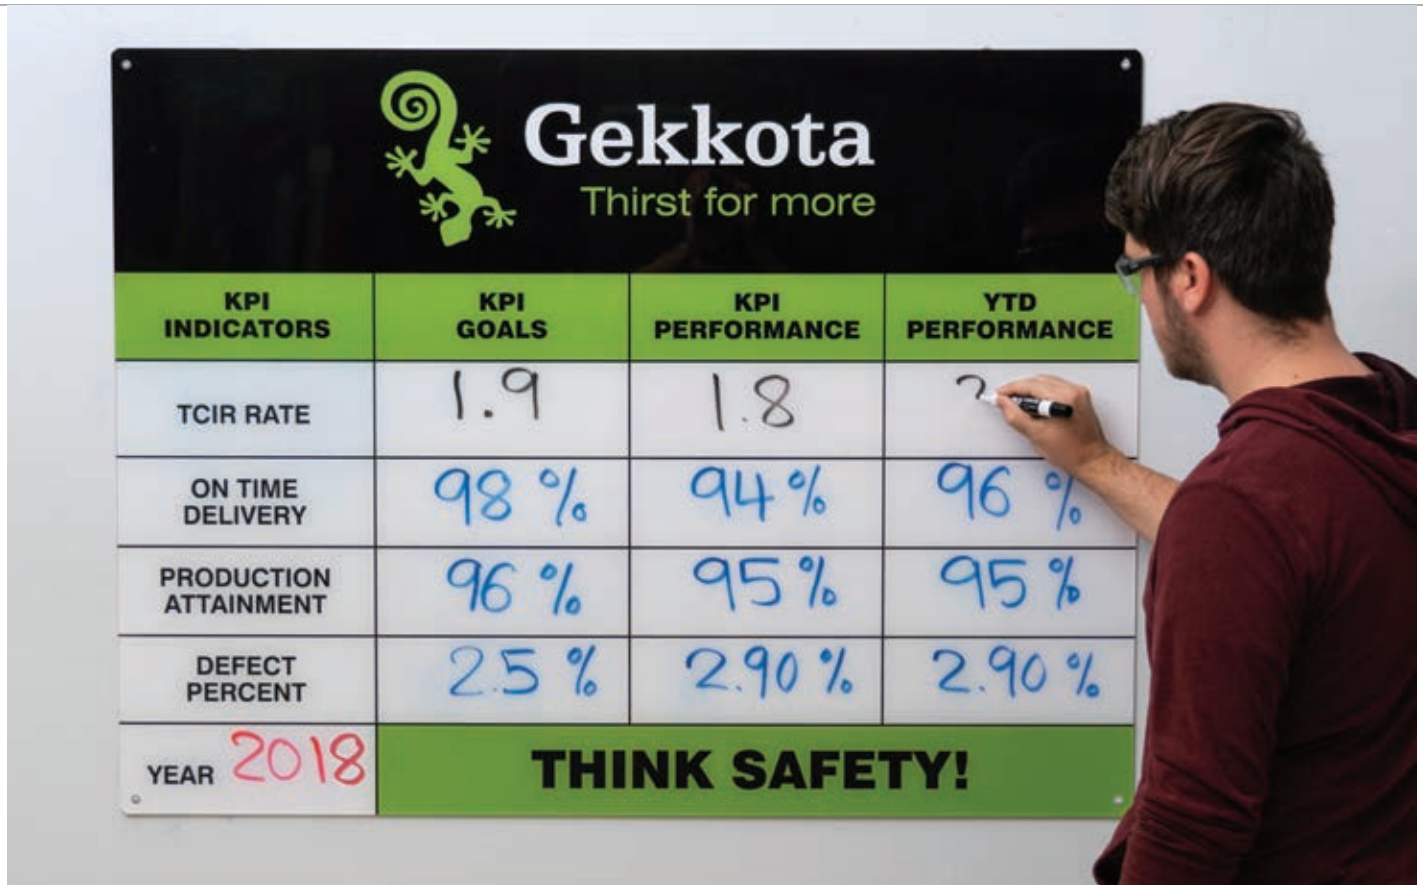

### 3 Finalize your project

With all the selections in place, our team will get to work creating your customized quote and art proof based on your specifications. Your custom quote and proofs will be emailed to you for your approval. Once you're satisfied with everything, approve the art proof on your quote, send us your purchase order, and we'll start production on your new Custom Site-Boards™!

# CUSTOM SITE-BOARDS™

## Custom Mark-It™ Site-Boards™

Conveniently create workplace communication boards your way with Mark-It™ Site-Boards™. Whether you need to track Key Performance Indicators (KPIs), production sales, or more, Mark-It™ Site-Boards™ provide the versatile solution you need.

- Made of durable, long-lasting FB-X Accu-Shield™ safe for the food and beverage industry
- Ideal for use with Ultra-Cling™ label material (sold separately, pg. 47)
- Stain and scratch resistant
- Cleans completely leaving no residual marker ink
- Sub-surface print stands up to harsh environments
- Mark with Dry-Erase or Wet-Erase Marker

## ULTRA-CLING™

Ultra-Cling™ is an advanced repositionable cling technology that possesses thousands of micro suction cups that grip to most clean flat surfaces without an adhesive.

- Apply, reposition, and remove repeatedly
- Bottom surface cleans with damp cloth or mild soap to restore grip
- Magnetic receptive surface allows you to convert an otherwise non-magnetic surface
- Available in stock products shown here or can be customized to your specifications

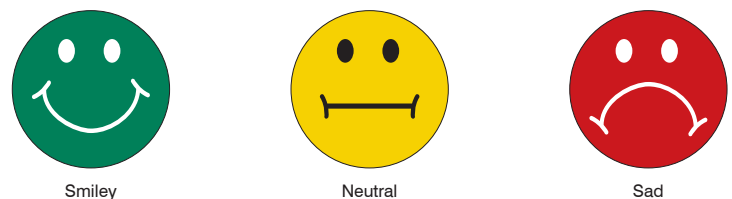

## ULTRA-CLING™

### Dots & Faces

- Ideal for use with KPI, Site-Boards™, and Message boards
- Excellent for short-term, indoor use
- Mix and Match styles and colors

To order Marking Dots, add color code after part number.

# STOCK SITE-BOARDS™ & ACCESSORIES

## Dry-Erase Boards

Light-duty board works well for easily sharing and changing messages.

- Dry-erase writing boards feature a satin aluminum frame and white melamine surface
- Non-magnetic melamine surface is durable and designed for light-duty use
- Includes marker tray and factory-mounted hangers
- Overall frame dimensions: 3/8" face trim, 3/8" exterior depth

**PERSONALIZE IT!**

Custom sizes and options are available. To order, reference part number DTE205, and we will contact you with a quote.

SIZE	NO.	EACH
2' x 3'	DTE201	\$62.55
3' x 4'	DTE203	\$107.24
4' x 6'	DTE206	\$278.64
4' x 8'	DTE208	\$354.08

## Dry-Erase Markers

To order marker, add color code after part number: Black – BK, Red – RD, Blue – BU, Green – GN.

ITEM	NO.	EACH
Fine Point	HMD101	\$2.91
Broad Chisel Point	HMD104	\$4.28
Eraser	HMD100	\$7.67

## Grease Pencils

- Also known as wax pencils or china markers
- Moisture-resistant marks can be rubbed off to erase

To order, add color code after part number: Black – BK, Blue – BU, Green – GN, Red – RD, White – WT, Yellow – YL.

NO.	EACH
HMD611	\$1.87

## Site-Board™ Tape

Tape is flexible, repositionable, and ideal for use on assorted substrates including dry-erase and white-board surfaces.

- Black polyethylene film tape 5.5-mil
- Measures 1/8"W x 36 yards (108-ft.)
- Easy application – whether creating straight lines or curves

NO.	PKG/6
PTM310BK	\$14.82

## Write-On Magnetic Roll Label

Create flexible magnetic labels that can be moved and placed about.

- 1/16 inch thick magnetic sheeting unrolls and easily cuts to length
- Magnetic labels adhere to any ferrous surface
- Compatible with dry-erase markers
- Reuse the label by erasing the message with a dry or damp cloth

SIZE	NO.	ROLL
1" x 50-ft	LMG151WT	\$106.36
2" x 50-ft	LMG252WT	\$173.79
3" x 50-ft	LMG353WT	\$242.32

A variety of Ultra-Cling™ Document Holders shown on a custom Site-Boards™ (available separately).

Easily reposition document holders.

## ULTRA-CLING™ Document Holders

Advanced repositionable cling technology sticks to most clean, flat surfaces without the need for adhesives and replaces the need for magnetic receptive surfaces.

- Ideal for use with KPI, Site-Boards™, and Message boards
- Polycarbonate face with Ultra-Cling™ back construction
- Change documents and reposition document holders as often as you'd like
- Ten popular colors help to organize and coordinate information

To order, add color code after part number: Blue – BU, Red – RD, Yellow – YL, Green – GN, Gray – GY, Orange – OR, Black – BK, Purple – PR, Brown – BR, White – WT.

## Snap Tight™ Pocket

Protect your paper sign from fading, impacts, and vandalism.

- Injection-molded polycarbonate plastic protects an 8 1/2" x 11" sheet of paper, creating a low-cost, subsurface sign
- Two separate pieces "snap" together, enclosing and protecting a paper sign
- Replace sign with a slight 'twist-flex' to snap out the back piece
- 3/16" thick pocket with overall size of 9 5/8" x 12 1/16" and four 7/32" corner holes

NO.	UOM	PRICE
STP1	Each	\$21.54
STP5	Pkg. of 5	\$99.63
STP2	Pkg. of 10	\$179.43

## Magnetic Document Holders

Multi-Colored document holders with magnetic backing makes placement and movability easy.

- Magnetic pocket with matching border & backer color
- Easily change out documents and document placement
- Polycarbonate face with durable vinyl and magnetic backer
- Ten popular colors coordinates and organizes information
- Horizontal holders measure; 9 3/4"H x 11 3/4"W
- Vertical holders measure; 12 3/8"H X 9 1/4"W
- Both options hold a 8 1/2" x 11" sheet of paper

To order, add color after part number: Blue – BU, Red – RD, Yellow – YL, Green – GN, Gray – GY, Orange – OR, Black – BK, Purple – PR, Brown – BR, White – WT.

STYLE	SIZE	NO.	EACH
Vertical	12 3/8"H X 9 1/4"W	DTH216	\$19.86
Horizontal	9 3/4"H x 11 3/4"W	DTH207	\$19.86

## Evacuation Map Holder 2

Ensure facility evacuation maps are visible in any light condition – even in the dark – with Lumi-Glow™ background map holders.

Attention-grabbing top and bottom borders clearly identify the evacuation map. Simply print your map from your computer and slide into holder; easily change and update.

29 CFR 1910.38 (c)(2) 1910.38(c)(2)  
Procedures for emergency evacuation, including type of evacuation and exit route assignments.

Glowing in the dark.

Break tabs to remove and replace maps as needed.

### Pre-Assembled Evacuation Map Holder 2

- Pre-assembled on durable polycarbonate material
- Easily mounts on a wall, with no assembly required (hardware included)
- Features four rounded corners with holes
- High performance, clear acrylic front face protects evacuation map from damage

## Floor Marking Safety Guidelines

An effective way to improve overall safety, efficiency, and communication in your facility is by implementing floor marking standards. Not only are floor marking standards smart, but they're also general requirements by OSHA 29 CFR 1910.22 and OSHA 29 CFR 1910.176(a) for keeping walking-working surfaces clean, orderly, sanitary, and safe.

Keeping your floors safe and functional is easy with Accuform's extensive variety of floor marking products.

Our industry standard Floor-Marking color guide helps to maintain the same standards throughout your facility.

### 5S Industrial Floor Marking Color Scheme

Use for aisles, work cells, and pathways within a facility.

Mark equipment, general production, workstations, carts, floor displays, and racks.

Identify defects, scraps, rework, and red tag areas.

Designate material holding or holding areas for inspection.

# INTRODUCTION TO FLOOR MARKING

Mark areas with raw materials, work-in-progress items, and finished goods.

Isolate areas to be kept clear for compliance and safety reasons.

For areas to be kept clear for operational and work-flow purposes.

Specify cautionary areas that may expose others to physical or health hazards.

## TOUGH-MARK™

### The Industry's Most Durable, Heavy-Duty Floor Marking Solution!

Our durable floor marking helps you create highly visible pathways for employees, forklift traffic, or material handling equipment. Tough-Mark™ Strips, Shapes, and Printed Messages withstand harsh warehouse environments, forklift abuse, and frequent cleaning.

Backed by a **ONE YEAR GUARANTEE** from date of purchase!

Stands-up to everyday abuse including forklift traffic!

Individual strips keep your lines straight and easy to apply

Thick material is built to last – less replacement cost in the long run

Available in a variety of colors, strips, shapes, and safety messages

# FLOOR MARKING

## Heavy-Duty Floor Marking Strips and Shapes

The best choice for superior durability, performance, and easy-to-apply Floor Marking solutions for your industry!

- Strips and shapes are made with thick polyethylene with an aggressive polypropylene adhesive backing
- Beveled edges reduce tears and lifts from pallet dragging
- Full adhesive back forms a solid bond, eliminating liquid from seeping underneath
- Easily applies and bonds to a variety of clean sealed, and non-coated surfaces
- 48-inch long strips allow you to keep lines straight
- Strips are easily trimmed to needed length or to create corners
- Perfect for the Set in Order phase of 5S implementations
- Service temperature range: -90° to 168°F

\* Visit [Accuform.com/Tough-Mark](http://Accuform.com/Tough-Mark) for details.

# FLOOR MARKING

## Standard Marking Tapes

- Durable vinyl adheres to floors, walls, piping, posts, beams, handrails, stairways, machinery, and equipment
- Waterproof, wear-resistant, minor resistance to acids, oils, grease, caustics, alkalis, and most solvents
- Permanent self-adhesive back
- Service temperature -14° to 140°F, minimum application temperature 50°F

## Solid Colors & Patterns

Colors and combinations meet specific industry and OSHA 29 CFR §1910.144 warning requirements

To order, add color code after part number.

## Marking Tape Floor Applicator

Mark aisles, pathways, and traffic lines by applying tape easily and quickly, without having to bend over, stoop, or kneel to position tape by hand.

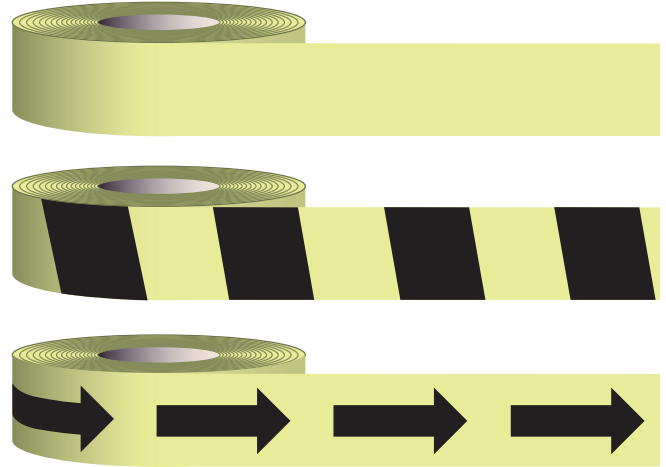

- Holds self-wound, self-adhesive marking tape roll size up to 4" x 180-ft. with 3" core diameter
- Sturdy construction with handle grips and large roller wheel base to ensure smooth, straight placement of tape
- Roll tape onto smooth, clean, dry surfaces

Note: Applicator will not work with peel-off liner tape.

## Glow-in-the-Dark Tapes

- Photoluminescent marking tapes glow in the dark in a green-yellow color
- The marking tape is "energized" by any light source – the longer exposure to light, the longer glow time
- White with slight green appearance for good visibility in regular light
- Permanent acrylic adhesive back with peel-off liner
- Glow rating for 10-hours
- Safety grade glow material meets ASTM E2030, E2072, E2073 standards

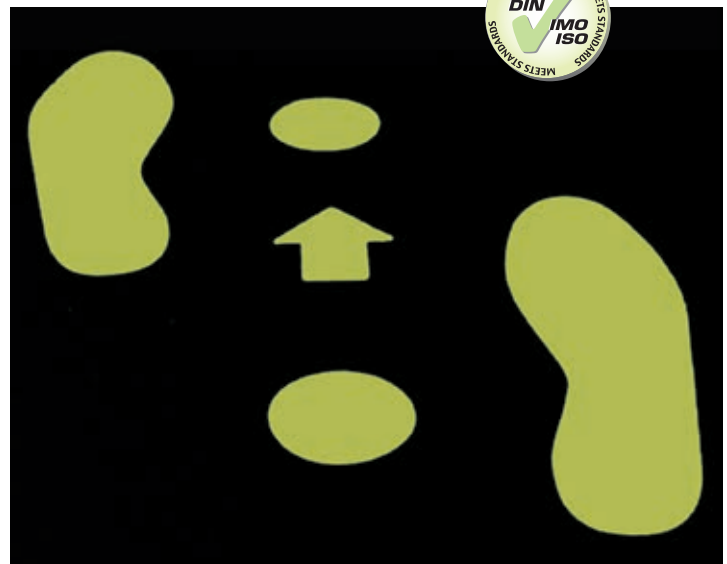

### PERSONALIZE It!

Glow marking tapes are available in other widths and lengths. Order part number PTM955 and specify width, pattern, length, and quantity of rolls.

## Glow-in-the-Dark Shapes

## LED Sign Projector

A perfect solution for generating signs in areas where conventional wall and floor signs won't work.

- CREE high power LED chip
- CE and RoHS Certified
- IP65 rated for damp environments
- Long-life 30,000 hour energy efficient LED bulb
- Operates on 110V, with 3-ft. power cord
- Projector comes with a remote control and built in mounting bracket
- Sign images can rotate or be locked in one position
- Viewing distance by light level: complete dark – 262-ft.; dim light – 65-164-ft.; bright light – 49-ft.
- Sign lenses are interchangeable, additional stock legends are sold separately, or customize your virtual sign
- 2 Year limited manufacturers warranty

Not recommended for outdoor use

# FLOOR SIGN HOLDERS

Red – RD

## PERSONALIZE It!

Personalize your Floor Sign Holder with your company brand. Sold in packs of 10. Contact us with part number MFS985.

## Floor Sign Holders

Print out your own message and make it a durable floor sign.

- Overall dimensions are 12.5" x 15"
- Constructed of durable polycarbonate with matte finish
- Designed for an 8 1/2" x 11" sign
- Strong, permanent acrylic adhesive back with peel-off liner
- For indoor use only

To order, add color after part number.

NO.	PKG/10
MFS981	\$53.60

**⚠ WARNING:** Reproductive Harm – [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

## Floor-ID™ Label Frames

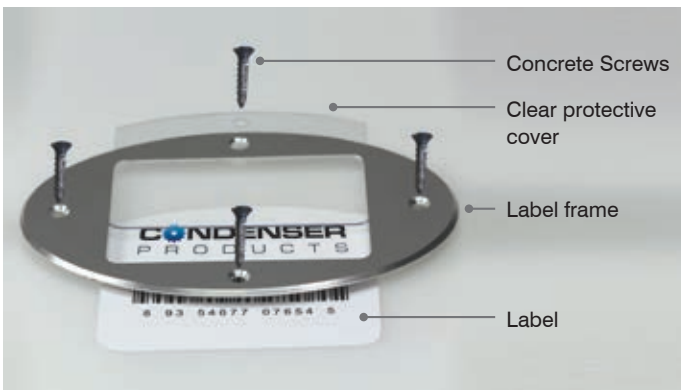

- Metal frame mounts directly to the floor with four concrete screws (included)
- Features a clear cover to protect your label underneath
- Beveled edges prevent damage from rollover of pallet jacks and forklift vehicles
- Choose from two adhesive vinyl label options: 3 1/2" x 5" or 5" x 7" (sold separately)

### Small frame:

- 5 1/2" x 8 1/2" x 1/8" all-aluminum oval frame
- 3 1/2" x 5" x .040" clear visible protective polycarbonate cover

### Large frame:

- 7 1/2" x 12" x 1/8" all-aluminum oval frame
- 5" x 7" x .040" clear visible protective polycarbonate cover

**⚠ WARNING:** Reproductive Harm – [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

## How It Works:

Step 1: Lift poly flap.

Step 2: Place printed sheet on sign blank within the preprinted positioning marks.

Step 3: Place sign blank with printed sign through EZ Seal (sold separately).

Step 4: Completed sign feeds out the back of EZ Seal machine and is ready to hang.

## DIY Sign Kit

Quickly, conveniently, and efficiently print professional looking signs at your desk with this DIY Sign Kit. Once ordered, you'll get access to our online custom sign builder and library of popular stock safety legends.

- Sign base is plastic with a clear flap attached to one edge
- 10"H x 12 1/2"W overall size and accommodates 8 1/2" x 11" insert
- Base features 3/8" hole in each rounded corner
- Ideal for vertical or horizontal signs
- Recommended for indoor and temporary outdoor use
- Kit includes 10 sign bases w/ flap attached, access to create 10 stock or custom signs, EZ Seal (sold separately) smooths the polyester offering a more professional appearance

Over 2" to 3"	NAD203	\$1.22
Over 3" to 4"	NAD204	\$1.48

## RFID Asset Tags

Track all your assets with Radio-Frequency Identification (RFID) tags! Featuring a smaller footprint and lower profile, tags are printed using the latest high-resolution digital technology. Achieve excellent read range, clarity, and easy scanning for serialization, programming, and more.

- Patented inlay design has excellent read ranges regardless of surface – metal, glass, plastic, wood, and cardboard
- Made with a unique 1/32" closed cell foam with pressure sensitive adhesive that provides excellent resistance to heat and chemicals
- Code 39 is the standard symbology used with a range of 2.7 to 5.4 CPI (characters per inch). Optional linear and 2D symbology available upon request
- Tags are password locked and can be designated by us, or you can create a specific password
- Programming in a decimal or hexadecimal (A-F, 0-9) format
- Excellent read range up to 13.47-ft.
- Printed with standard black, red, yellow, green, and blue colors. All barcodes are printed black due to the contrast required for barcode scanning
- Sub-surface printed using the latest high-resolution digital technology
- Withstands temperatures from -40° to 300°F
- Shelf life is 24 months when stored at 72°F (22°C) and 50% relative humidity

To order, select the Custom Mini RFID Asset Tags or conveniently print your own with Printable Universal Mini RFID Asset

## Custom Mini RFID Asset Tags

Tracking assets is easy using custom printed RFID labeling.

- Sub Surface print keeps your labels legible
- Customizable with corporate branding or color coding
- Excellent read range allows for convenient tracking

Minimum purchase 500, in multiples of 100

Custom sizes available upon request. Contact your distributor with part number LRF955 for pricing.

STYLE	SIZE	NO.
RFID w/ One color	3/4" x 2 3/4"	LRF146
RFID w/ Two colors	3/4" x 2 3/4"	LRF246
RFID w/ Three colors	3/4" x 2 3/4"	LRF346

## Printable Universal Mini RFID Asset Tags

The only thing "mini" about this tag is its size!

- Conveniently print asset tags on demand. Come in convenient 500-piece rolls of 3/4" x 2 3/4" tags
- Pressure-sensitive acrylic is .002" thick
- Easily load into industry-leading thermal transfer printers; for best results, we recommend the Zebra ZT410 Silverline printer
- 24 month shelf life

STYLE	NO.
RFID Onsite Printable	LRF047

## Production Control, Inspection, and Calibration Labels

Identify equipment, instruments, and tools for precision work and maintaining quality control.

- Labels help to ensure that quality testing is being maintained
- Information can be easily written onto the labels with pen or pencil
- Labels printed on adhesive vinyl with peel-off back
- Convenient fan-folded packaging
- Available in two sizes in packs of 25 or 100

Sold in packs of 25. To order packs of 100, add quantity code 100 after part number.

# ACCESSORIES

## Suction Cup Sign Holder

- Suction cup is 1 5/8" diameter, and bracket is 1 3/4" long
- Designed to mount to glass surfaces
- Recommended for use with small, lightweight signs

NO.	EACH
HFH301	\$1.08

## Table Top Sign Holder

- Holder dimensions are 6"L x 4"W x 1 1/4"H and will accept signs up to 1/4" thick
- Ideal for use on desk tops, display cases, or cafeteria tables

NO.	EACH
HFH302	\$3.93

## Aisle Sign Holder

- Easily attaches to pallet rack assembly holes
- Clear plastic holder bracket does not detract from the sign
- The slot maintains a tight grip to hold a sign up to .100" thick
- Package of 10

NO.	PKG/10
PSK110	\$43.91

## Suction Cup Hooks

- Clear vinyl cups have integral hook to hold sign onto smooth, clean, dry surface
- Ideal for temporary placement and relocation of sign
- Package of 4

NO.	PKG/4
HFN154	\$11.28

## Foam Tape Strips

- Double-Sided Adhesive Foam Tape Strips
- Each strip measures 3/4" x 2"
- Package of 8

NO.	PKG/8
HFN120	\$7.54

## Magnetic Tape Strips

- Each strip measures 3/4" x 2"
- Attach to sign with peel-off adhesive
- Package of 8

NO.	PKG/8
HFN132	\$5.25

## Slip Strip Label Holders

- Add, change, or remove labels easily
- Bottom opening runs the length of the holder
- Clear front with white back
- Self adhesive back secures to most smooth surfaces

SIZE	NO.	PKG/6

#### Ring Weight

- Vinyl 11 3/4" x 1" ring weight can be filled with water to add 3-lbs. of stability to post
- Ring weight is concealed inside the base of the post

NO.	EACH
PRC440	\$11.05

# STANCHION POSTS

## Chain Storage Stanchion Posts

Innovative design allows for storage of up to 10 feet of chain inside the post – eliminating the hassle of more traditional stanchion barricade systems.

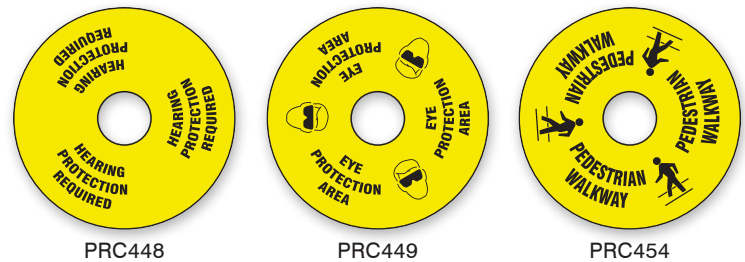

- Easy to use: Simply pull out desired length of chain, fasten to second stanchion, then return it to the base unit when finished
- Available in two versions: unfilled (add water or sand) or filled base (no need to add additional weight)
- Twist top locks desired chain length in place
- Heavy-duty construction will provide years of use in the toughest environments
- Includes set of 2 posts

To order, add post color and chain color code after part number.
