Shut out noise Seal in good hearing

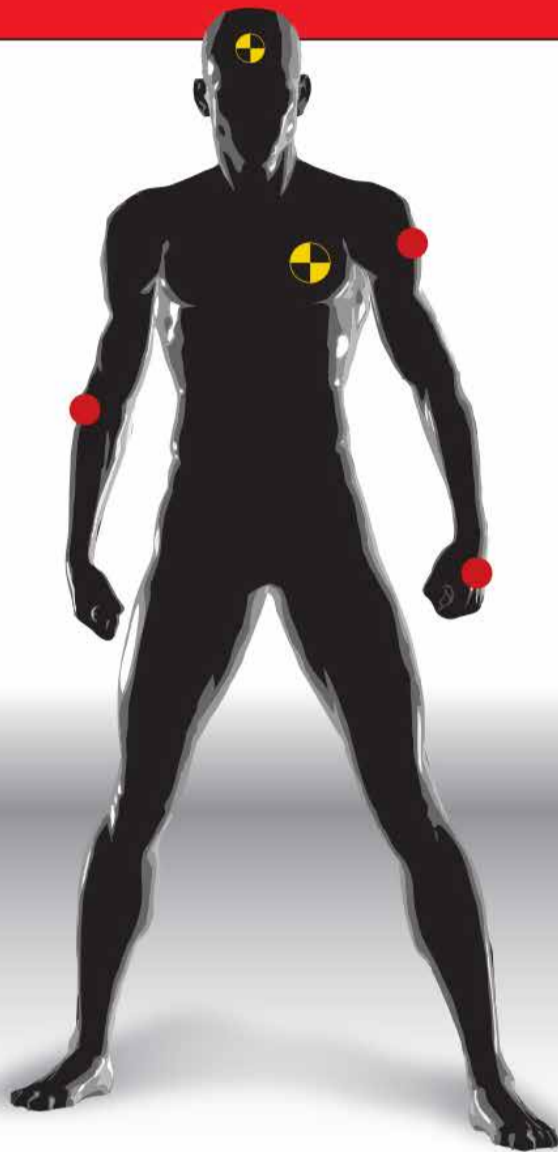

- 1** Always use appropriate hearing protection both on and off-the-job

- 2** If you work in a noisy environment, have your hearing tested regularly.

- 3** Protect yourself against workplace exposure to chemicals, such as Benzene and Trichloroethylene, which can destroy your hearing.

Your Parts Are Irreplaceable!

**Let's Not Work So Hasty,
That We Forget
About SAFETY!**

1. SORT

Organization – keeping only what is necessary and discard everything else – when in doubt, throw it out

2. SET IN ORDER

Orderliness – arranging and label only necessary items for easy use and return by anyone

3. SHINE

Cleanliness – keeping everything swept and clean for inspection – for safety and preventative maintenance

4. STANDARDIZE

Standardized cleanup – the state that exists when the first three pillars or “S’s” are properly maintained

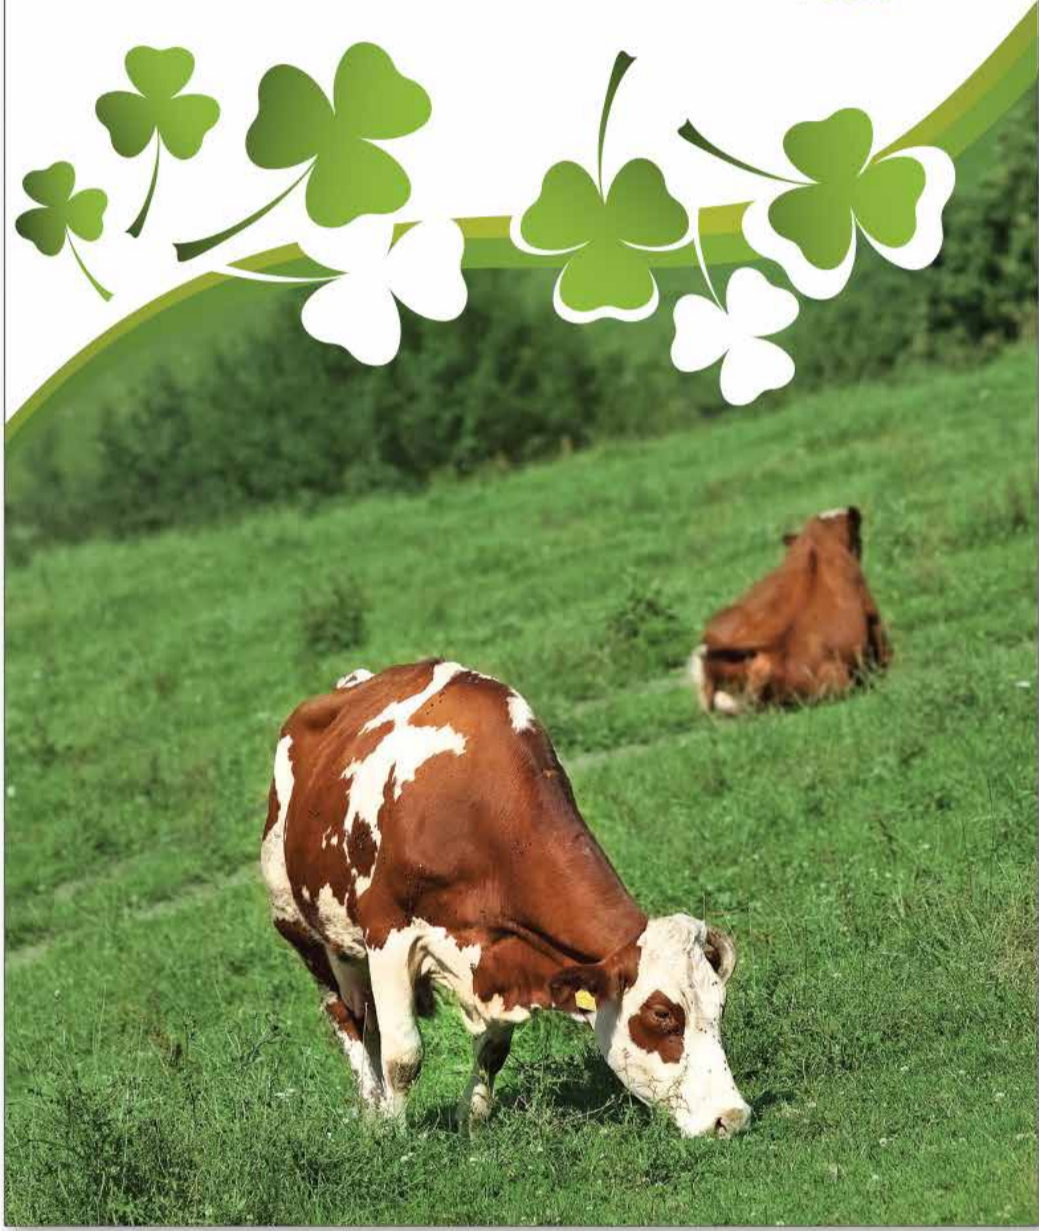

5. SUSTAIN

Sustaining the discipline– making a habit of properly maintaining correct procedures

WHAT TO DO AFTER A
NEAR MISS

Report It. Learn from It.

A near miss is a "close call" event that did not result in injury, illness, or damage. With proper documentation and training, a Near Miss provides an inexpensive means of learning and avoiding future accidents.

*Enjoy The Good Life!
Work Safely*

The **VOLUNTEERISM ALWAYS PAYS** program has an opportunity for you to **GIVE BACK TO THE COMMUNITY.**

We have been invited to **HELP CLEAN UP OUR ENVIRONMENT** by picking up trash and debris from the Weeki Wachee Springs to the coastline.

We will have a VAP Event for both weekday and weekend Associates. Kayaks and transportation will be provided.
